

Please submit this **Neighbors Involved in Cleaning-Up the Environment (NICE)** application to confirm your desired volunteer service project(s). The information provided will allow staff to assess resources that will be necessary to complete your project(s).

Please indicate which of the following programs you are applying for:

☐ Interested in abating graffiti on chronically tagged dumpsters?  
Consider applying to participate in the **Adopt-A-Dumpster Program** which offers volunteers free color-matched paint to abate commercial dumpsters.

☐ Interested in receiving a **Graffiti Abatement Kit**? Contents include wipes (for graffiti removal on signs), disposable gloves, paper towels and water spray bottle (safety glasses upon request).

☐ Interested in scheduling a volunteer clean-up for groups of at least 10, to abate graffiti in your neighborhood or in a specific area of the city?

Consider applying to coordinate a **Mini-Wipeout**. Participants will be provided with free paint and supplies to complete project, which typically requires 1-2 hours of community service. If the clean-up is on a Saturday, materials will be dropped off the day prior. Volunteer group is responsible for transport of paint and materials, as well as coordinating pick up the following business day.

☐ Have you identified a roadway that is in need of **Litter Removal**? In partnership with Keep San Antonio Beautiful, trash bags (and disposable gloves) are provided. Filled trash bags will be removed from the site by the Solid Waste Management Department.

☐ Looking to help a neighbor with their lawn care? Free usage of hand and gas powered tools are available from the **Community Toolshed**. This requires the submission (and approval) of a "Tool Request Form". Items are loaned out for one week at a time and must be returned.

Project Date(s): __/__/__; __/__/__ or __/__/__		Group/Organization: _____	
Number of Total Volunteers: _____		Project Location: _____	
Number of Minors: _____ <i>Under 17 years of age</i>		Project Time: _____ am/pm to _____ am/pm	
Primary Point of Contact Information: <i>This is the designated person who will remain on-site during the duration of your group's project.</i>
